Name, Register No.

ABSTRACT

- Write in single paragraph

Introduction

- Write 5-6 line about title

Existing Systems

- Refer 20-25 latest research papers and identify what are the models they have used, datasets and results. Prepare in tabular form

CONT'N

Sl No.	Title and year of publication	Methodology	Dataset	Accuracy
1	Base Paper			

CONT'N

Sl No.	Title and year of publication	Methodology	Dataset	Accuracy

Sl No.	Title and year of publication	Methodology	Dataset	Accuracy

Problem Identification

- What are the problems you identified in existing systems?
- Mention 4-5 key points

Proposed System

- Which model you are going to use
- Reason for choosing your model

Objectives

- Write 3-4 objectives

Dataset Details

- Mention the dataset name that you are going to use in your project and list its features/attributes.

Software and Hardware Requirements
